

PRINT ROCKS!

2010
Print Excellence Awards

submitting the entries

who can enter

All companies, educational institutions or individuals who have production facilities and are located in the state of Colorado can enter. Your company **MUST** have performed some of the production work for the entry submitted. All entries must be printed between November 1, 2008 through December 31, 2009.

complete the entry form

Each submission must be accompanied by a completed entry form. Submissions without proper entry forms will not be accepted. Printing Industries of Colorado will accept up to 50 entries per company. Additional entry forms can be downloaded from www.printincolorado.org.

make sure you complete BOTH ID tags

One must be affixed to the entry in the top, right, front corner and the other is Printing Industries of Colorado's master record. For entries that require an explanation, please attach to your entry form.

determine the category for your entry

To determine color breakdown, remember that each spot color, spot varnish, laminate, foil and emboss represents a separate color. Check out the categories on the back. **Remember – you can enter the same piece in more than one category!** Please note, entries submitted in multiple categories must be prepared for that category and have an entry form and payment for each category entered. Example - ABC catalog is entered in Special Finishing as well as Catalog. We will need 2 mounted entries with 2 entry forms for this.

preparing entries

There are two convenient methods for submitting your entries:

- 1) If possible and small enough, mount on foamcore in a pleasing manner with a minimum 3" border around the entry. Affix one of the ID tags to the upper right hand corner. If a description of the entry is needed, affix to the back of the board. Package for shipping to Print Rocks HQ.
- 2) If entered items are too large to mount and ship safely, send appropriate number of entered items (enough to show fronts, backs and any special features) and we'll mount them for you in an aesthetically pleasing fashion. Be sure to include your entry forms and any descriptions ~ don't make the judges guess how fabulous your submissions are!

Remember to include your payment (unless you have made prior arrangements with us) and keep a copy of your submission forms for your records.

complete and calculate entry fees section

Once you have the entry forms completed for each entry, use one to calculate the total entry fees. Entries cannot be accepted without proper payment.

send in your entry

Deliver your entries, including payment to:
